Dear Hiring Manager,

My name is Mike Vo. I am writing to express my interest in applying for the Data Analyst position at Abbott Vietnam. Currently pursuing a Bachelor degree in Information Technology with specialization on Artificial Intelligence and Data Analytics at RMIT University Vietnam, and anticipating graduation in early 2025, I am excited about the opportunity to contribute my skills and enthusiasm to your organization.

In my academic journey, I have gained a solid foundation in Machine Learning, Practical Data Science, and Artificial Intelligence. Through these academic experience, I have gained strong analytical and research skill, along with a keen attention to detail. I am constantly striving to improve and learn more about new developments in data analysis and modelling, and my eager-to-learn outlook allows me to learn and develop throughout my academic and professional career.

As a proactive learner and team player, I have successfully completed various projects, ranging from machine learning classification and recommendation system to open-source software and web development. One notable achievement is my work on the Flower Classification and Recommendation System course project at RMIT University Vietnam, where I worked as the lead researcher and machine learning specialist of my team, utilizing convolutional neural network and deep learning to achieve a good performance result on our flower classification model. This has strengthen my skill to work both independently and in an international team environment, with a strong focus on the data science knowledge of data analysis, classification and clustering algorithms.

Thank you for your time and consideration for my application. I look forward to the opportunity of contributing to and learning at Abbott.

Best regards,  
Tuong-Minh (Mike) Vo
